George,

Thanks again for your assistance on the Hines transaction. It looks like we are done but for the signatures on the document.

With regard to the Lehman litigation I will be signing the affidavit this afternoon and delivering it to S&C. Small world. I hadn't worked with Joe Shenker since 1982 when we did the first commercial paper financing of real estate on the Goldman building at 85 Broad Street.

Hopefully the next time I come to London we can enjoy some time together with our wives at Harry's Bar without having to discuss business issues.

Best regards,

Frank
